

PEACE OF EUROPE HANGS IN BALANCE

Proposed Balkan Railway Has Great Powers by the New-Roman Empire
Germany is Behind Austria's Move.

London, Feb. 16.—The imminent prospect of building a much needed commercial railway threatens to upset the balance of power in Europe. The move has been the effect of Austria's announcement of the intention to construct a line, running through the Balkans, connecting Vienna with the short route with connecting lines to Constantinople and Salonika. With the Sultan's approval, Austria's move is quickly made and a concession promptly granted. Then the storm broke first protesting, pointing out that the line would isolate her and leave her commercially and politically at the mercy of Austria. Serbia appealed to St. Petersburg and immediately Russia made a quarrel of her own and declared that Austria's move was a violation of the Balkan understanding, whereby each country has pledged itself to seek no advantage in the area without consulting with each other. Russia's opposition is behind Austria's move, the Kaiser's ambassador in the near future intending to secure a decision as virtually a German protest, and the proposed line a step in that direction.

Germany Not Upholding Turkey.

Washington, Feb. 17.—From Special Telegrams, the German ambassador here, today declared there was no truth in the European reports of Germany upholding Turkey regarding Macedonia.

ONE IN THREE IDLE.

New York, Feb. 17.—There are out of every three million men in New York city is out of employment. In the statement made by Frank Julian Walker, who has been engaged for the past month in a study of the unemployment situation in behalf of a group of the charitable organizations.

In this city at the lowest estimate, Mr. Walker, "30,000 members of organized labor are out of employment at this time. The total membership of all the labor unions is about 280,000, the reduction being that one out of every three million men is out of work. In addition to these 30,000 the city has a vast population of at least 30,000, and it is safe to say that many of these unemployed have increased this year over former periods. This total of more than 120,000 on the unemployed and employed does not include a very large class of unskilled laborers who are idle in seasonal numbers.

HAVE NOT THE CLASS.

Without People Who Can Pay for Fast Ocean Passages.

Franklin, Feb. 17.—In an interview with Mr. Andrew Allen, an experienced sailor, who has been in the line of the allied route, showing that in his opinion there was no need of such a service. "Yes, the allied route might be a very good thing and might be very much appreciated in Canada, but I think personally that the prospects for a better service than the present one are for the time being slight. Many Canadians are prone to regard with envy the United States and its fast service by the Lusitania and Mauretania, but they forget that here in Canada conditions are entirely different. We are not yet in a position to support such a service. These large ships are working under a heavy load of expenses. Where does the revenue go to pay expenses? They must depend on the passenger traffic for returns and to make these fast boats pay good prices must be obtained for berths. Steamship companies here that people who must cross the ocean in a few days are willing and able to pay for such service. We in Canada have not such a class of passengers, and it would be unwise to support a fast line.

Calcutta Menaced by Pilgrimage.

Calcutta, Feb. 17.—The great Mevade pilgrimage is expected to give Calcutta an anxious time. The Mevade Mohammedans are expected to flock into the city on their way to the Tomb of the Prophet, and the invasion of this army of the faithful—more than 100,000—will mean a great strain on the city's resources and considerable risk of a pestilence. Extensive preparations are being made by the Indian government and the local authorities to accommodate the pilgrims and to guard against infection. Special police camps are to be established along the principal routes by which the influx will come, while, until measures will be taken against the possible spread of the plague.

Printers Fined For Contempt.

New York, Feb. 17.—Patrick H. McCormick, president of the local branch of the Typographical Union, known as The H. H. S. and George W. Jackson and Vincent C. Cretzschmar, managers, on Saturday were fined \$250 each and sentenced to twenty days imprisonment for contempt of court in connection with the strike of the Typographical Union No. 6, calling for a closed shop and eight-hour day.

National Trust Company Limited

ANNUAL MEETING OF SHAREHOLDERS

The Tenth Annual General Meeting of the Shareholders of the NATIONAL TRUST COMPANY, LIMITED was held in the Company's Board Room, 20 King Street East, Toronto, on the 16th day of February, 1936.

The President, Mr. J. W. Flavell, was in the Chair, and Mr. W. T. White, the General Manager, acted as Secretary to the meeting.

The Director presented the Annual Report of the Directors, and the Financial Statement, as follows:

The Director has pleasure in submitting herewith their Tenth Annual Report, showing Statement of the Assets and Liabilities of the Company as at 31st December, 1935, together with the Profit and Loss Account for the year ending on that date.

The Net Profit, after providing for all cost of Management, Salaries, Advertising, Auditors' Fees, and other expenses, amount to \$18,828.90. The sum of \$18,828.90 brought forward from 1935 makes the total of credit of Profit and Loss Account \$143,515.11, which has been appropriated as follows:—

(a) To pay four quarterly dividends at the rate of seven per cent. per annum, amounting to \$79,600.00.

(b) To increase Reserve Fund \$30,000.00.

(c) To write \$10,000.00 of Safety Deposit Vaults and Fittings.

(d) To carry forward in Profit and Loss Account \$133,515.11.

The Reserve Fund now stands at \$350,000.00.

Respectfully submitted,
J. W. FLAVELL,
President.

The Company's Revenue has now reached \$500,000, or fifty per cent. of its capital, of which \$250,000 has been contributed by additions from earnings from the year.

The total assets under administration on the Company amount to \$11,315,210.06, of which \$1,767,707.50 is held in capital account, \$5,549,640.08 on guaranteed trust account, and \$4,007,862.50 on trust and agency account. The figures since 1931 are as follows:

1931	\$7,740,538.95	1936	\$12,280,407.73
1932	\$7,250,460.00	1937	\$13,715,210.06

1934	\$7,250,460.00		
1935	\$7,250,460.00		

It is gratifying to be able to report that, notwithstanding the financial stringency of the year and consequent interruption to general business, the several departments of the Company have continued to increase the volume of their transactions and their contribution to the general earnings of the Company in common with other financial institutions has had the benefit of the high interest rates which have obtained during the year, and has been able to employ profitably in call loans upon high-class security, thus enabling permanent investment or authorized by the company which required in accordance with the terms of the several trusts under which they are acting.

Our constant loaning business continues to be of a very satisfactory character. Collections of interest have been unexpectedly good, the percentage received being well above the normal rate, and the general business has been very satisfactory. We believe that our mortgages in the west have been selected by our officers with great care, and that the high interest rates obtained from land in the best settled districts, and the result of our investment in this class of security over several years has been highly gratifying.

Our building at Saskatoon was completed during the year, the principal office of the Company, and the remainder thereof so as to give an excellent return upon the investment. The Company's premises in Toronto, Winnipeg, Saskatoon and Edmonton are all centrally situated, and very valuable real estate holdings in addition to giving us advantageously situated offices.

We are pleased to be able to announce that the Company continues to grow in public favor, and that the Trust and Finance business in this connection is constantly expanding, accommodating the service rendered with its proper administration. The officers of the Company feel that they possess a most efficient organization for the management of estates, the safe keeping of money, and the purchase or purchase of properties for clients through our Real Estate Department.

Grateful acknowledgment is made to the Resident Directors of Montreal

and the Advisory Board at Winnipeg for their services during the year, and to Messrs. Thomson, Hudson & Shaw, the Company's Agents at Edinburgh.

As in the past, the officers and staff of all our offices have faithfully and creditably discharged their duties, devoting upon them.

I have, seconded by Hon. Mr. Fox, the adoption of the Report.

The report was unanimously adopted.

A vote of thanks to the General Manager and staff of the Company was passed, after which the following elected Directors of the Company for the ensuing year:—

The measure introduced by the Minister of Public Works proposes to establish an eight hour day for coal miners throughout the Province. At present the length of day varies in different districts, some miners spending ten hours per day underground, which means that during several winter months these men scarcely ever see the sun except on Sundays and holidays. It does not require much special expert knowledge to understand the effect of this protracted confinement on the constitution, nor a philosopher to understand the depressing effect on the temperament of dwelling for months in unbroken gloom. The Canadian Pacific Railway's Plans for Extension in the west;

This comprehensive map shows very clearly the lines which were constructed in the West during 1907, those which will be completed in 1908, and also some lines which are proposed, but which will not be constructed for some time.

During 1907 the following lines were completed: From Stensburg to Langdon, 14 miles; from Langdon to Saskatoon, 76.6 miles, making a total construction on this line of 130.6 miles; from Wolsley to Berton, a distance of 92.5 miles; from Lander west, 3 miles; from Moose Jaw north to Tuxford, 15 miles.

During 1908 the following lines will be built: 1—From Saskatoon west to Hardisty in conjunction with the Wetaskiwin branch, 320 miles.

2—Moose Jaw north from mile 15 to 123, or 108 miles.

3—Wolsley-Berton, miles 92.5 to 122.5, or 24.5 miles.

4—Tulon north, 20 miles.

5—Bredenbury-Bethany, 20 miles.

6—Weyburn-Stoughton, 20 miles.

7—Lethbridge-Mackay (change of line), 34 miles.

8—Stensburg, 92.5 miles.

This new construction will open up some splendid agricultural country, and will afford increased facilities for bringing out the grain from Western Canada.

DISTRICT NEWS

NORTH BATTLEFORD.

Bulletin News Service.

In many respects North Battleford stands abreast with conditions in western life; in some other respects she is in advance.

In this latter connection the provision for elementary and intermediate education is worthy notice.

Less than eighteen months ago school accommodation was very limited and at some months previous to that date the town had not a teacher and the temporary use of a building, which, in several ways, did not meet requirements.

Now, however, there is employed an efficient teaching staff of five, who are privileged to carry on work in a beautiful modern, equipped, eight-roomed brick building second to none in the province of Saskatchewan.

The school is certainly a credit to the town, and the board of school trustees in particular and the citizens in general, and their endeavor to provide for and to promote matters of education.

The neighboring districts are taking advantage of the educational facilities afforded in the town, and already a considerable number of pupils are in attendance.

Dr. H. H. Ross and A. P. Heyburn for the past five weeks have been enjoying a holiday in Chicago, Minneapolis, and other American cities, have just returned.

They report that preparations for immigration to the two western provinces of Saskatchewan and Alberta are being made already.

Some have arrived to take up homes to the north of the line.

The St. Vincent's social under the auspices of the Ladies' Aid Society of the Presbyterian Church was held on the evening of Friday, the 14th inst.

A large number were present and a highly enjoyable evening was spent.

Rev. W. S. Thompson occupied the chair.

R. E. Schurman, accountant in the Imperial Bank of Canada here, has just returned from a visit to his home at Fredericton, P. E. Island.

Mrs. Gregory has gone to Regina on important business in connection with the town. He will return to the course of a few days.

A. Channing, M.P.P., went east very recently. He will likely visit the Capital before his return.

Official announcement of the findings of the District Court at Battleford—opening on the 20th inst.—has just been made.

North Battleford still shows a marked interest in sports. On Wednesday a number of cures went down to Winnipeg to attend a tournament.

The Saskatchewan Hotel has changed hands. M. C. Tyson, late proprietor,

black with jet ornaments; Mrs. J. W. Shera, looking very well in a dress of blue silk and gold, and was accompanied by her guest, Miss Cunningham, wearing a beautiful gown of light pink with velvet trimmings. Mrs. Peterson, who is always a much sought after partner, wore a gown of white silk. Among the young girls who were having no end of a good time were Misses Caroleen, Mores, Kim, Miss Stacey and many others.

WITH THE FARMERS

GRAIN GROWERS MEET.

Saskatoon, Jan. 17.—The meeting here today of the 27th N.W. Grain Growers' Association of the three prairie provinces marks a distinct epoch in the history of the cooperative agricultural development of Canada. The occasion, which followed the annual convention of the Saskatchewan Grain Growers' Association and which was convened yesterday, was not marked with any official expression of its importance, but the officials assembled got quickly down to business. Vital interests are affected which include many millions of dollars of capital, the legislative programme of three legislatures, for the organized farmer says goes in Western Canada, and perhaps goes all the introduction of an entirely new phase in the most important historic battle of farmers against the Winnipeg grain exchange.

At the opening of the proceedings T. A. Partridge moved that no further record be kept of the first session of the conference than the statement of its composition and organization; that the first matter to be dealt with be the report of the royal grain commission, a body sent out by the federal government to the west to gather information, and whose findings have been bitterly criticized by the representative western farmers; that the findings of this commission be taken up by report by section, and that no further be present at these deliberations. Several members of the executive council of this last clause, but it was finally carried by a two-thirds vote, and the representatives of agricultural interests will conduct in secret their deliberations through the next reports will be handed out to the press.

SATURDAY'S GRAIN MARKETS.

Winnipeg, Feb. 15.—Higher cables and a drizzle in America helped to steady the market and was a fair buying demand, there was a good upturn in Winnipeg, the close being 1 1/2, over Friday on all options. Cash wheat showed the same advance. The demand was fair and offerings were much smaller than on Friday. The gain in the market was not as much smaller but they showed increased steadiness of tone, strength in Winnipeg being reflected in both Minneapolis and Chicago receipts at Winnipeg were only 25,000 bushels less than on Friday.
